

POWERWALL

## A Revolutionary Battery For Home and Business

Powerwall is a home battery that stores energy so you can use it day or night and self-power your home. Powerwall can provide backup power by itself or can easily integrate with solar to provide your home reliable, clean energy 24/7. With Powerwall, you gain continuous and backup power, even in the event of a grid outage.

## Solar Day and Night

Powerwall stores solar to continuously power your home with sustainable energy day and night.

## A Self-Powered Home

Use solar and Powerwall to reduce reliance on the grid and create a zero emissions home.

## Backup Power

Protect your home from a power outage with seamless and reliable backup power.

## Control Your Energy

Seamlessly monitor and automatically manage your Powerwall, solar panels, Model S or X with the Tesla App.

## Stay Protected

Reserve a certain percentage of your Powerwall to protect your home from a utility outage and extend the hours of backup.

## Better Over Time

With over-the-air software updates, Powerwall will continue to improve and adapt to your lifestyle.

13.5 kWh

Usable Capacity

276 lb / 125 kg

Weight

7 kW

Peak Power

x10 Powerwalls

Scalability

5 kW

Continuous Power

10 years

Warranty

## Compact and Simple

Powerwall is a completely automated system that installs easily and requires no maintenance.

## Completely Safe

Liquid thermal controls and touch safe technology maximize battery life and safety.

## Best Value

With an integrated battery inverter, Powerwall is the most affordable home battery in terms of cost per kWh.
